- Save **£50** on equally effective home whitening, now **£200**
- 3 areas for the price of 1 area on Botox®, now **£220**

We've got your perfect Christmas present all wrapped up!

Come along to our Invisalign Production Event and you could begin treatment on the night. Finally, you know what you want for Christmas!

Invisalign - clear, removable and comfortable

Invisalign can help to treat a variety of orthodontic concerns including teeth which are crooked, crowded or with gaps - but because it is clear, removable and comfortable, it won't impact on your daily life.

This informative event will include a FREE consultation and clinical assessment of your orthodontic needs in order to determine if Invisalign could give you the smile you deserve. Enjoy a glass of mulled wine and a mince pie and your questions answered by our experienced Invisalign Practitioners. What's more, a couple of our Invisalign patients will be available to share their experiences with you.

Dates for Your Diary:

Perfect Smiles Open Evening

Wednesday 8th February 2012
5.30pm – 7.30pm

Saturday 11th February 2012
9am – 12 noon

Christmas Opening Hours

Practice closes at 2.00pm on Friday 23rd December 2011 for Christmas.

Practice re-opens at 8.30am on Tuesday 3rd January 2012 for the New Year.

As its Christmas, you can expect to receive a free gift or two as well as an incredible offer exclusively available at this Invisalign Production Event.

A deposit of £300 will secure your special offer price. Finance applications including interest free credit options can be submitted at the event to make this treatment even more affordable and easy for you to get started. With monthly payments of no more than £88 this is the perfect time to treat yourself.

Still Need Convincing about Invisalign?

"I always had a huge gap between my two front teeth. It has affected my confidence, my relationships and my career prospects...As an adult I didn't particularly want to consider metal braces as an option, but Dr. Dorrington also told me about Invisalign. This was the perfect alternative for me, simple, straight-forward to wear, discreet and almost completely painless. It's still difficult to take in that within eight months of treatment, after all these years I have a perfect smile.

Sincere thanks to the team at Inglewood House and to Invisalign, meeting you has been life-changing. Best wishes."

Miss Easton of Nelson

This year **6,000** people will be diagnosed with mouth cancer.

Without **early detection** half will die.

Early detection transforms survival chances to 90%

If In Doubt Get Checked Out, early detection saves lives.

The five year survival rate of mouth cancer patients is just 50%. BUT early diagnosis gives patients a 90% survival. Mouth cancer kills more people than cervical cancer and testicular cancer combined.

Regular visits to your Dentist will ensure you are professionally screened for signs of mouth cancer. Talk to your Dentist about the process and mouth cancer risk factors.

Self-examination is a simple, potentially life-saving process. Look out for:

- **Ulcers which do not heal within three weeks**
- **Red and white patches in the mouth**
- **Unusual lumps or swellings in the mouth**

Lifestyle choices can prevent this significant threat. Smoking, chewing tobacco, areca nut, paan and guthka are main risks.

And finally...

Thank you for all those patients who sponsored Rob Dorrington on his epic Three Peaks Challenge with TV chef Nigel Haworth, one of Inglewood House's celebrity patients. We hope to raise **£5000** for Hospitality Action, you can still support us by buying a raffle ticket at Reception.

Inglewood House & Invisalign have been life-changing
